

## Allies Press Drive in Italy

Arrows indicate Allied drives on the Italian front, (black line) with British Eighth Army troops pushing toward Piedmonte and Aquino, French driving a wedge into German defenses in the central sector, and Americans threatening Liri and Gaeta. Map shows only that portion of the "Hitler Line," on basis of dispatches, which had not been reached by Allies.

## Wakde Gets Swift Job Of Repairs

### Rabaul's Once-Famous Airdrome Network Is Destroyed; Allies Gain in Burma

### Raid Is Unified

### Attack on Soerabaya Is Carried Out by Three Commands

Advanced Allied Headquarters, New Guinea, May 20 (AP)—Swift repair of captured Wakde airdrome and desolation of Rabaul's once formidable network of airdromes were reported by headquarters today along with new naval bombardments and air attacks aimed at erasing Japanese resistance from New Guinea to the northern Solomons.

This was the latest situation depicted in a mounting campaign by Gen. Douglas MacArthur to win the rest of New Guinea between him and the Philippines while at the same time killing or capturing 140,000 Japanese. His forces have bypassed:

Dutch New Guinea—American engineers, going to work while conquering soldiers moved against Japanese pockets on the northeast end of Wakde Island, are expected "very shortly" to have the 4,700-foot airdrome ready for Allied planes. Northwest of Wakde, even sporadic interception has ceased at Schouten Island.

British New Guinea—Alupe, 150 miles southeast of Hollandia, is so thoroughly consolidated that American patrols now control the coast for 60 miles; in the bypassed 200 miles between the Alupe holdings and Buna, where thousands of enemy troops are being compressed in a narrowing trap, warships shelled three harbors and Karkar Island while planes ripped into dwindling supplies, communications and airfields.

New Britain—Rabaul's five airdromes were reported useless by American pilots returning to Solomons bases Wednesday from a 116-ton bombing attack, with only two planes in sight where once there were hundreds.

New Ireland—Isolated Kavieng's airdrome was debombed and, for the first time, headquarters specified that the attackers came from nearby Emirau Island in the St. Matthias group.

Northern Solomons—Torpedo bombers, dive bombers and fighter bombers swept the Bougainville coast from south to north while patrols clashed at one end of the dominating American position at Empress Augusta Bay.

In the area between Australia and New Guinea, Dutch fliers attacked three small Japanese ships off the Tanimbar Islands, sinking one, causing abandonment of the second, and damaging the third.

### Japanese Are Routed

Southeast Asia Headquarters, Kandy, Ceylon, May 20 (AP)—The Japanese are being driven from besieged Myitkyna, chief Japanese base north of the Burma road, by Chinese and Americans closing in from three sides, Allied headquarters announced today.

Allied lines were drawn about Myitkyna, strategic objective in the campaign to open a land route to China when Brig. Gen. Frank Merrill's American marauders crossed the Irrawaddy river four miles below the city and closed one of its chief lines of communications.

On the Imphal-Kohima front of Eastern India, meanwhile, the British suddenly turned the tables on the Japanese by throwing a roadblock across the enemy's lines of communications near Jessami to the east of Kohima. To the southwest of Imphal, Allied troops also advanced against "weak opposition" and occupied a number of enemy positions on the (Continued on Page Three)

# Allies Drive Nazis Back Along Lower Part of Hitler Line, Seize String Of Strongest Forts; French Hit Deeper

## Soviet Announces Fortified Position Taken From Nazis

### Captured German Officer Says Hitler Feared Turks' Entrance, if Crimea Fell

London, May 20 (AP)—The Soviet high command announced today the capture of a German fortified position southeast of Vitebsk on the long quiet north-central front where Berlin broadcasts have suggested an impending Red Army offensive.

Without loss Baltic Red Banner airmen yesterday set fire to a supply ship, damaged dock installations, and left fires raging at Kotla, Finland. Other airmen operating off the northern Norwegian coast sank two German patrol ships and knocked down seven enemy planes in combat, the communiques said.

### Hitler Feared Fall

By EDDY GILMORE

Simferopol, U.S.S.R., May 20 (AP)—One of 246 enemy officers whom the Russians announced they captured in the Crimea campaign said today Adolf Hitler had ordered the peninsula held because of fear its fall might help plunge neutral Turkey into the war on the Allied side.

A 47-year-old German colonel of artillery, Hans Messinger, said Hitler made clear his desire to cling to the peninsula in a special order forwarded early in May shortly before Sevastopol fell.

Asked whether the campaign constituted a planned retreat, Messinger replied:

"No. We were told to hold the Crimea."

He also said that the Germans, although realizing they were losing, did not give up because Hitler "promised to send ships and planes to reinforce them."

The Russian count on the number of enemy officers captured was revealed by Soviet Col. Gen. Sergei Birinzo, 40, chief of staff of the Fourth Ukrainian army. The list included one lieutenant general, one major general, six colonels, 11 lieutenant colonels and 14 majors.

Birinzo unfolded captured German documents dated May 3 showing orders to commanders to hold trench, pillbox, road, and fox hole and saying that "the eyes of the world are on Sevastopol and the Red Army will bleed to death before the city."

Birinzo also produced a German proclamation in Russian issued early last spring urging the population to engage in spring planting for "cooperation with the Reich."

### Langer Forces Senate Into Saturday Session

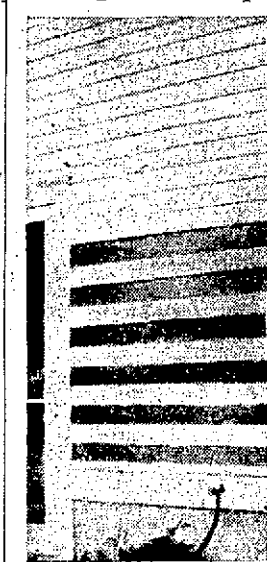

Washington, May 20 (AP)—The Senate was forced into an unusual Saturday session today by Senator Langer (R-ND) who complains that he can't understand the "simplified" tax bill.

He took three hours and 20 minutes yesterday to tell the Senate part of what he couldn't understand and he planned to seek additional time today to elaborate.

Langer's "ignorance" developed when Senator George (D-Ga.), chairman of the finance committee, refused to let the bill go over until Monday. After reading the measure, Langer said he also had before him a 54-page report and a 77-page explanatory pamphlet.

"Right now," said Langer, "I couldn't vote 'yes' or 'no.' Here is a provision amending Section 47 of the Revenue Act."

## Neighbor Keeps Score as Pilot Shoots Them Down

Maynard Stapleton (left photo) paints a blue stripe around his house in Lewiston, Mont., every time his neighbor, Lt. Robert Welden (right photo), Ninth Air Force Mustang pilot, shoots down a German plane. Stapleton deftly finishes the sixth stripe, representing an ME-109 Lt. Welden bagged recently in a dog fight over Germany. Welden said in England he hoped "those blue stripes reach Maynard's roof." (AP Wirephoto.)

## Tito Says His Partisans Ask Committee Recognition

### Germans Pay Close Heed to Weather

### Moscow Radio Says Nazis 'Dismiss' Commander von Rundstedt

London, May 20 (AP)—The Germans, watching the weather along Europe's west coast as a possible invasion tip-off, observed last night that "it remains to be seen whether brighter weather of the past 24 hours will lead to improved landing conditions."

The weather became more settled over the Dover Straits yesterday—an improvement that came simultaneously with a resumption of heavy Allied air attacks against continental targets.

Meanwhile, the Moscow radio broadcast a Tass dispatch under a Geneva dateline saying:

"According to reports from Paris Rundstedt (Field Marshal Karl Rudolf Gerd von Rundstedt) who has been dismissed from the post of commander-in-chief of German troops in the west, has paid a farewell visit to Hitler."

Von Rundstedt was formally identified by Berlin only two days ago as supreme commander of the German anti-invasion forces. There was no confirmation or amplification of the Tass account that he had been "dismissed."

## Local Woman, 40, Is Found Dead in Creek Early Today

### Abel Street Resident Says He Saw Woman Walk Into Stream; No Water in Lungs

Mrs. Florence Klein, 40, wife of Harry Klein of 211 West Chestnut street, was found dead shortly after 5 o'clock this morning in the Rondout creek, near the John A. Fischer property on Abel street.

She recently underwent a major operation and had been in a highly nervous state.

The body was recovered 20 minutes after she had been seen walking into the creek, by Officers Howard Kinch and Lenville Reven. Artificial respiration was applied by Officer Kinch, and later the pulmotor was used by Deputy Fire Chief Harold Sanford and Fireman John Sahlhoff. Efforts to revive her proved futile.

Coroner Frank J. McCord signed the death certificate, "Suicide" in Rondout creek, S.U.C.I.D.

According to the police report Mrs. Klein was seen shortly before 5 o'clock walking along Abel street, near the Fischer property, by August Neffing of 333 Abel street. He became suspicious of her actions and left his house to follow her.

Mr. Neffing told Sergeant William J. Leonard that before he could overtake the woman she had walked out into the creek. Mr. Neffing has been in ill health and did not have the strength to attempt a rescue.

He told the police sergeant that he attempted to rouse neighbors in the vicinity but was unable to do so and then hurried to the house of Sergeant Leonard, 133 Hudson street, and notified him that a woman had walked into the creek.

The place where Mrs. Klein entered the water is the old slip of the former South Rondout ferry. (Continued on Page Eight)

## Huge Stores of Material Are Seized and More Than 5,500 Nazis Are Prisoners

### Ports Are Raided

### Aircraft Attack Vital West Coast Ports, Bridges in North

Allied Headquarters, Naples, May 20 (AP)—Allied troops have seized a string of the strongest fortifications in the Hitler line and in vigorous advances are driving the Nazis back along the entire lower half of the Italian front to yet a third defense wall, it was announced today.

Headquarters declared the Germans now were "being forced back upon the switch line" running southwest from Pico in the center to Terracina on the coast—a pull-back that would make a wide swing of the southern Nazi front to the southwest from Pico as a hinge.

(The German high command announced the loss of Campodimele near the center, 4 1/2 miles south and slightly west of Pico, and within a few miles of the "switch line" itself.)

Assaulting the sagging Hitler line, Americans on the south coast of Liri and Gaeta, the French punched deeper in the middle, and the Eighth Army on the northern flank shook the Hitler line even in the Liri valley by putting under shattering attack the town of Aquino and the mountain stronghold of Pontecorvo—already in effect outflanked by the French.

Huge stores of booty were enveloped by the Allies, and more than 3,500 Nazis have been captured in this offensive which is smashing even closer to the Fifth Army forces on the Anzio beachhead.

(An N.B.C. broadcast said Allied forces had captured Monte Pizzo four miles north of Liri.)

### 20 Miles from Formia

Terracina on the coastal end of the switch line is 20 miles west of Formia, which had been the southern anchor of the Hitler line.

Liri is a vital road junction on the Appian Way and Gaeta a seaport around which the Nazis had clustered the greatest concentration of artillery yet encountered in Italy.

At Terracina, on the third line forced to fall back upon, Allied warships shelled the town and roadways, the navy announced. Many fires were started after a dump was hit.

Allied planes, pursuing their campaign to disrupt the flow of supplies to the German front, attacked the Italian west coast ports of La Spezia, Genoa and several railway bridges in northern Italy.

In all the Mediterranean Allied air force flew 2,270 sorties yesterday, it was announced, and the day's operations cost the Allies 10 planes. Only 20 enemy planes were seen during the day and one of these was shot down.

### Nazis Are Jeopardized

Out-manuevered, out-generated and out-fought since the beginning of the current offensive, the Nazis recoiled under fresh blows of the embattled Allies. The position of the entire German Tenth Army south of Rome was jeopardized.

The total count of prisoners of the offensive passed the 5,500 mark, and hundreds more were marched back to Allied prison pens.

While the Americans wiped from their sector the last vestiges of what once was considered the Hitler Line anchored in the Anzio mountains running down to Gaeta Point, Gen. Alphonse Juin's French troops fanned into the Hitler Line fortifications farther north, capturing the village of San'Oliveto, which had been designated a strong-point. These were the troops which rode up to that town two days ago on the backs of American tanks.

The French then thrust on, seizing Monte Mendicino, which dominates the whole area north of San'Oliveto and also commands the road due westward from Pontecorvo to Pico—the only line of retreat for Pontecorvo's defenders who already are being attacked by Eighth Army troops.

In the Liri Valley British and Dominion tanks and armored cars advanced rapidly yesterday, securing light resistance to the outskirts of the Aquino airdrome, another point in the heavy Hitler Line fortifications guarding the broad valley.

German parachute troops guarding the airdrome were dispersed and their vehicles set ablaze by the heavy fire of the British force. The armor then shifted forward to the wire entanglements in front of the town of Aquino (Continued on Page Eight)

## Dewey Gets 15 Delegates; His Backers Sure of Nomination

### (By The Associated Press)

Gov. Thomas E. Dewey of New York picked up 15 delegates to the Republican National Convention in committing their 34 for him, the first time any G. O. P. candidate has been given the undisputed backing of a southern state's full group. Alaska Republicans instructed their three delegates to support the New York governor.

Dewey's backers also hoped to pick up some additional support today in Utah, where a Republican state convention is scheduled to pick eight, with leaders predicting the majority will be for the Alaska governor, in a presidential primary. Gov. John W. Bricker of Ohio, polled only 329 in the incomplete returns.

Dewey hasn't said yet whether he's a candidate. Bricker is an active competitor for the nomination. Stassen has indicated he's not running.

The New York governor's cache of pledged and claimed delegates was swollen to a probable 337 yesterday by action of Alabama Republicans in committing their 34 for him, the first time any G. O. P. candidate has been given the undisputed backing of a southern state's full group. Alaska Republicans instructed their three delegates to support the New York governor.

## Thousands Remain Away From Jobs In Numerous Lines

### Estimate 24,450 Workers Are Idle; Reduction Might Come Over Week-End

(By The Associated Press)

The nation's wartime industrial production remained on a somewhat uneven level today as thousands of workers in numerous lines of endeavor continued to stay away from their jobs while governmental agencies sought to settle the diverse labor controversies.

While hundreds of workers, obeying War Labor Board directives, resumed their tasks and settlement of some of the disputes were reported imminent, today there were an estimated 24,450 employees still not at work as a result of labor troubles. The disputes, affecting 17 industries, were not confined to any one section of the country, being reported from the eastern seaboard to the Pacific Coast.

There was a possibility the number of non-workers would be reduced after the week-end, providing no new walkouts occur. In Detroit meetings were planned, on order of the W.L.B., between the Chrysler Corporation and officials of Local 490 of the C.I.O. United Automobile Workers Union, to seek return to work of about 10,000 employees who left their jobs five days ago.

The settlement of the Chrysler labor controversy would bring to a virtual end the recent numerous walkouts in Michigan war industries. At the Buick aluminum foundry in Flint, 1,400 were out; 130 remained away from their jobs at the Chevrolet transmission (Continued on Page Three)

## Public Hearing Is Due in Ertel Bid

### Laws and Rules Committee Will Conduct Meeting Thursday Night

A public hearing will be held Thursday night, May 25, at 7:30 o'clock by the laws and rules committee of the Common Council on the petition filed with the council requesting that the Van Fleet garage property on North Erie street be placed in the industrial zone.

Alvan James E. Connelly, chairman of the committee, announced the date of the hearing at the close of the special meeting of the council Friday night, at which time the petition was referred to the committee.

The petition, read at the meeting last night, stated that it had been signed by 59 property owners within a 500-foot radius of the plant. A communication from Fredrick J. K. Ertel of the Ertel Engineering Corp., who plan to purchase the garage property at the request to place it in the industrial zone as stated, was read.

In the communication Mr. Ertel pointed out that the concern had been located in Kingston for 4 1/2 years, and employed 40 persons during that period the business had been carried on in the former Fitzgerald & Depper cigar factory on Mill street, and no complaints had ever been made regarding the plant.

The plant has recently undertaken the manufacture of filtering apparatus used in the purification of ammonia and other chemical compounds with the war effort. Their studies are not exclusive to their nature and their manufacture (Continued on Page Three)

## Browder Declares Communists Will Support Roosevelt

### New Name Will Be Chosen, Word 'Party' Will Be Dropped; Will Have No Candidate

New York, May 20 (AP)—The Communist party of the United States in existence for 23 years, voted today to dissolve as a political party. A new non-party organization will be formed.

Earl Browder, the party general secretary, made the motion to disband prior to delivering a national convention keynote speech in which he called for the re-election of President Roosevelt.

The motion was carried unanimously after being seconded by delegates from New York, Illinois and California.

The Browder motion called for the liquidation of the party's affairs and dispose of its property "and to turn over any surplus that may remain to any organization or organizations as, in their opinion, are devoted to our country's winning of the war in which it is presently engaged and in the achievement of a durable peace."

### F.D.R. Endorsed

New York, May 20 (AP)—Earl Browder, general secretary of the Communist Party of the United States, announced formally today that American Communists would support President Roosevelt for re-election.

Keynoting the party's national convention, Browder, who sought the presidency himself in 1936 and 1940, said in his prepared address that the president's retirement now "would be a disaster for our country."

"Our enemies in the war would be encouraged to new efforts, our Allies in the war would have deep misgivings, and our own country would be launched upon an uncharted sea of uncontrolled factionalism," he said.

Browder's statement meant that the Communists would go into a presidential election without a candidate of their own for the first time since they entered the national political field as a party in 1932.

The Communists will operate under a new name to be chosen by the convention. They will drop the word "party" using instead a title like "American Communist Association" or "American Communist Political Association."

Browder, declaring that the accord reached at Tehran by President Roosevelt, Prime Minister Churchill and Premier Stalin "decided the fate of the world" (Continued on Page Three)

## Verdict Is Due in Salt Lake Polygamy Trial of 15 Men

Salt Lake City, May 20 (AP)—For the first time since the case was broken by federal and state officers more than two months ago, one phase of Utah's complex plural marriage investigation reached the conclusion or acquittal stage today.

District Judge Ray Van Cott Jr., summoned 15 Salt Lake City men to court at 10 a. m. today to hear charge they lived with from two to six women each—35 altogether—who were not their legal wives.

His ruling concludes the "super trial" conducted without witnesses of the men, charged with unlawful cohabitation. They were among 46 persons arrested March 7 in four western states in a federal-state investigation of plural marriage practices.

Defense attorneys already have given notice that if the decision is adverse, they will appeal to the state supreme court.

## Not American Eagles

KINGSTON, NEW YORK, MAY 20, 1944

"The men on battlefronts know better than we do the serious effects of screeching din. As they return here, either to their homes or to hospitals, they have a right to expect more calm and quiet surroundings. It's up to all of us to see that they get this, and eliminate unnecessary blowing of car horns, defective mufflers, flat wheels on

## OFFICE CAT

It is very important to keep your windshield wiper in good working condition.

Girl (to policeman, after accident)—How did it happen? He refused to release his clutch, that's all.

Faithful cogs are as important to the human machine as are spark plugs.

Judge—Well, what is your excuse for speeding 50 miles an hour?

Defendant—I had just heard, your honor, that the ladies of my wife's church were giving a rummage sale, and I was hurrying home to save my other pair of pants.

Judge—Case dismissed.

Daughter—Dad, I need a new riding habit.

Dad—I can't afford it.

Daughter—But, Dad, what am I to do without a riding habit?

Dad—Get the walking habit.

A Word to the Wise  
 The really thoughtful farmer, (And much credit he deserves), Is one who plants some rubber trees.

Around the nasty curves.  
 —B. F. Ferguson.

Mother—Don't you want to be the girl that people look up to?

Daughter—Now, I wanna be the kind of girl that people look around at.

The local undertaker was a little late in getting to his Luncheon Club, and when he finally arrived, he was quieter and more reserved than usual.

## Flashes of Life

Sketches in Brief

(By The Associated Press)

Hartford, Conn.—One of H. Irving Skilton's first jobs when he joined the city engineering department was to help install street car rails. He celebrated his 35th anniversary with the department by supervising the removal of these same rails, now useless because of the citywide uses of buses.

Rich Stew  
 Buffalo, N. Y. — Dorothy Schmerbach, starting to eat some mussel stew, bit on a pearl. Further search revealed seven more. All came from a can of mussels purchased at a neighborhood store.

Pinch Speaker  
 Delanson, N. Y.—The Rev. Kenneth Beatty will deliver the valedictory address at this year's high school graduation. Ronald Tucker, Jr., now in the navy, asked him to pinch hit for him.

Ducks on "Round-the-Clock" Schedule  
 Hagerman, Idaho — Mallard ducks, fliers by day but traditional land-lubbers by night, are going on a "round-the-clock" aerial schedule here.

Conservation Officer Alonzo Brown has located a mallard nest on a limb 12 feet off the ground—an unprecedented height, he says—and the nest contains eight "bombs" which are likely to explode any minute into baby ducks.

Grandma Pin-up Girl  
 Hollywood—The pin-up blonds and brunettes can move over now to make room for Miss Lillian Castle, 80-year-old actress.

Miss Castle, who has made 4,300 wool helmets and zero caps for the armed forces, has received a letter from the medical branch of an infantry regiment in Britain thanking her and designating her "the sweetest grandma we would like to come home to."

Hose Lottery Held  
 Need for new fire hose from the United States to replace worn out equipment of Temuco, Chile, fire brigades was met with a lottery organized with prizes ranging to a \$7,500 house. The war-time shortage also has affected the efficiency of firefighters in other sections of Chile, it is reported. Temuco newspapers are demanding a detailed investigation into the origin of fires which do great damage to valuable timber.

Arrangements have been made to resume production at three chemical plants in Southern Italy under the Allied Control Commission.

Man—What makes Jim Simpson always try to act so hard-boiled?

Friend—Oh, that. His wife keeps him in hot water all the time.

The reason why we have to fight on Sunday is that our enemies do not observe the Sabbath, or anything else.

## MT. TREMPER

Mr. Trempier, May 19 — Mr. and Mrs. Waldo Becker and little daughter, Florence of St. Albans, L. I., and son, Paul, John Becker of Camp Meade, Md., spent a few days at their summer home here.

Several from here attended the movie which was held at Phoenicia on Wednesday evening for the benefit of the Red Cross.

Mr. and Mrs. Norman Wilber and family went to Albany on Friday when their son, Corp. Norman S. Wilber left on the train for Keams, Wash., where he is stationed.

Mr. and Mrs. Alfred Schiegel and daughter have opened their home, Inter-mountain House, for the summer.

Mrs. George Higgins and Mrs. Lloyd Vaughn of Kingston spent Thursday at Mrs. Norman Wilber's. Wilber left on Thursday to enter the army.

## DONALD DUCK

## BLONDIE
